

That Cough Hangs On

You have used all sorts of cough remedies but it does not yield; it is too deep seated. It may wear itself out in time, but it is more liable to produce la grippe, pneumonia or a serious throat affection. You need something that will give you strength and build up the body.

SCOTT'S EMULSION

will do this when everything else fails. There is no doubt about it. It nourishes, strengthens, builds up and makes the body strong and healthy, not only to throw off this hard cough, but to fortify the system against further attacks. If you are run down or emaciated you should certainly take this nourishing food medicine.

Spanish-American War Panorama

Is one of the war books which is likely to be in continuous demand. It is a panoramic record of the triumph of Yankee Doodle. The eagle flaps his wings on every page, and "Old Glory" waves around and above every scene. Prominent officers connected with the war are here portrayed, as well as many of the "men behind the guns." Military life is pictured to the eye, from recruiting to guard mount and skirmish line. Nor is the ludicrous omitted. The company cook receives the attention due to his importance; the mess is shown; cavalry scenes are given; the hospital arrangements are depicted; the heroines of the Red Cross service are displayed; street scenes in Havana, Santiago and elsewhere are unraveled, the new citizens or subjects (which are they?) of Uncle Sam appear and disappear as the leaves are turned.

In a word, the gazer visits the new localities and sees the tumultuous new life, without the risk or expense of a sea voyage.

The Album is 5 1/2 x 8 inches, weighs 12 ounces, printed on finest coated paper. Sent FREE to any address in the United States, Canada or Mexico, for 12 cents in stamps or coin, to cover postage and packing. Copy may be seen at any ticket office of the Big Four Route.

Order at once, as the edition is limited. Address WARREN J. LYNCH, General Passenger and Ticket Agent "Big Four Route," Cincinnati, Ohio.

OUR HIGH SCHOOL.

(Continued from first page.)

life's journey, need a standard by which to judge our actions. Among the early pages of the world's history we find it in these words: "But now abideth faith, hope, and love, these three; but the greatest of these is love." Without faith the world could not have made much progress. Columbus, Joan of Arc, Martin Luther, all had unlimited faith in their powers of action. Hope is another factor of progress. All over the world people live in anticipation. The power of love is seen when we contrast the actions of those inspired by love with the actions of those who are not. Picture our situation if the Father of Our Country had not loved it so. Where would art and literature be if the old monks, in their love of learning, had not nourished the feeble flame all through the Dark Ages? Where would all mankind be if God had not so loved the world that He gave to it His Only Begotten Son? It would seem that a life can be but good which is passed in ministries along the pathways of faith, hope, and love, with love dominating all.

"Man's Triumphs" was the theme of Linda Chapman's oration. It was delivered with most pleasing effect, and with a force and appreciation of the line of thought. Man has had a never ceasing battle, and we enjoy the results of his efforts, but we cannot conjecture the cost both in life and labor by which these results were attained. He has brought forth the treasures of the earth, he has spanned mighty rivers, he has snatched the lightning from the clouds, and the ocean and the elements are obedient to his will. While we admire and appreciate the statesman who safely guides his country through national perils, or the military chieftain who upholds the honor of his native land, let us not overlook the men who have suffered death that future generations might enjoy the blessings which the Creator has provided for them.

"Shall the Illiterate Vote?" An admirable and thoughtful consideration of this question was given by Joseph Beach Chapman. It is a question that has been discussed by many thinkers and has commanded the serious attention of many statesmen. The orator gave some forcible reasons why the ballot should be withheld from the ignorant and illiterate, and then proceeded to show why there should be no illiterate in a country like ours. The remedy for this is education. A law against an illiterate ballot would prove an incentive to those whom it would affect to secure an education, and to see to it that their children should enjoy the advantages of those qualifications that would entitle them to the ballot. Let compulsory education be rigidly enforced, and there would soon be no illiterate in all the land.

Florence Cranker was excused from speaking on account of illness.

"The Influence of an Ideal," was the theme of one of the choicest deliveries of the evening by Nellie Britten. It evinced thought, study and originality. It concluded with the thought that high ideals have inspired individuals to noble action; that they have brought societies into existence and preserved them through ages; that they have established institutions that have reached a high standard of perfection. These ideals have developed clans and tribes into powerful nations, nations that have left the world models of government, nations that have left the pages of history decked with noble deeds and priceless prophecies. With a high ideal too becomes a pleasure; we reach a high plain of soul culture. Thus societies can not be broken up by foolish strife and petty jealousy. With the high ideal governments "formed of the people, by the people and for the people, will not perish from the earth." The presentation of diplomas by Prof. Ballou of Toledo to the eleven graduates followed, Rev. G. A. Adams closing with the benediction and the exercises were at an end.

Tetter, Salt-Rheum and Eczema.

The intense itching and smarting incident to these diseases, is instantly allayed by applying Chamberlain's Eye and Skin Ointment. Many very bad cases have been permanently cured by it. It is equally efficient for itching piles and a favorite remedy for sore nipples, chapped hands, chilblains, frost bites and chronic sore eyes. 25cts. per box. For sale by A. R. Champney.

WILL SEND \$2.50 FREE

To Each of Our Readers. Franklin Miles, M. D., L.L.B., the Celebrated Chicago Specialist Will Send \$2.50 Worth of His New Special Treatment Free.

When an experienced physician offers to give away \$40,000 worth of a New Treatment for diseases of the heart, nerves, stomach, or dropsy, it is conclusive evidence that he has great faith in it. And when hundreds of prominent men and women freely testify to his unusual skill and the superiority of his New Special Treatment his liberality is certainly worthy of serious consideration.

That Dr. Miles is one of the world's most successful physicians is proven by hundreds of testimonials from well-known people. One patient cured after failure of eleven Grand Rapids physicians, two after being given up by six and seven Chicago physicians, another after nine of the leading doctors in New York City, Philadelphia and Chicago. Thousands of testimonials sent upon request.

The eminent Rev. W. Bell, D. D., of Dayton, Ohio, General Secretary of Foreign Missions, writes editorially in The State Sunday School Union: "We desire to state that from personal acquaintance we know Dr. Miles to be a most skillful specialist, a man who has spared neither labor nor money to keep himself abreast of the great advancement of medical science." Col. Tucker, late General Manager N. Y. L. E. & W. R. R., of Cleveland, states: "Dr. Miles suggests a physician has been phenomenal." Mrs. M. E. England of Cleveland, Ohio, says: "I took Dr. Miles' New Treatment for six weeks and the results were marvelous. Mrs. M. B. Moreland, of Rogers, Ohio, writes: "For 25 years I had heart trouble, could not get relief. Before your treatment could not get myself out of my chair. You saved my life." Miss Josie Thompson, of Circleville, Ohio: "A consultation of doctors said there was no help for me. It is now four years since I took your new treatment. Have done much hard work since."

This new system of special treatment is thoroughly scientific and immensely superior to the ordinary methods.

As all afflicted readers may have \$2.50 worth of treatment especially prepared for their case, free, with full directions, we would advise them to send for it at once. Address DR. FRANKLIN MILES, Thirteenth Floor, Masonic Temple, Chicago.

IF YOU HAVE PAIN IN YOUR BACK,

Let us give you a piece of advice: Pain in the back is an almost infallible sign of Kidney disease; a surer sign is the condition of your urine, if you have a pain in the back then look to the condition of your urine. It is easily done. Take a glass tumbler and fill it with urine, after it has stood 24 hours; if it has a sediment, if it is milky or cloudy, if it is pale or discolored, stringy orropy, your Kidneys and Bladder are in a dangerous condition and need immediate attention, or the consequences may prove fatal.

Dr. David Kennedy's Favorite Remedy is the one medicine that really cures all diseases of the Kidneys, Liver, Bladder and Blood, Rheumatism, Dyspepsia and Chronic Constipation and corrects the bad effects of whiskey and beer on the system. It is wonderful how it makes that pain in the back disappear, how it relieves the desire to urinate often, especially at night, and drives away that scalding pain in passing water and in a remarkably short time makes you well and strong. Dr. David Kennedy's Favorite Remedy is sold at all drug stores for \$1.00 a bottle, or six bottles for \$5.00.

If you would like to try this wonderful medicine you can do so absolutely free. Send your full name and address to the DR. DAVID KENNEDY CORPORATION, Rondout, N. Y., when a free trial bottle, together with a pamphlet of valuable medical advice, will be sent you by mail postpaid, providing you mention this paper when you write. The publishers of this paper guarantee the genuineness of this liberal offer.

Fastest Vessel Afloat.

The Hai Lung, a torpedo boat built by Schichau, of Elbing, for the Chinese navy, is credited with a run of 18 1/2 knots at an average speed of 35 knots an hour, and with a maximum rate of 36 7/8 knots, or 42.2 miles per hour. This beats the Turbinia's rate of 35 knots an hour, and, moreover, the Turbinia is only a 40-ton boat, while the Schichau boat is 4 1/2 times larger. The new and enlarged Turbinia now building at Newcastle, England, for the British navy, it is believed, will surpass even the Hai Lung. The Schichau boat is fitted with reciprocating engines; the British torpedo boats will have the new motors—turbine steam power.
